Qualifications to use Trilogyice:

The general requirements for trilogy ice, generally depend on those of your indemnity provider or insurance company:

1. Indemnity insurance
2. Existing qualifications: level 3 or 4 VTCT or similar in Beauty / laser / light
3. Manufactures system training (provided fOC by 3D Lipo)
4. Core of Knowledge (1 day course, provided by 3D Lipo @ £100 plus Vat per day per person)
5. Any local requirements of the council for the area: We suggest, contacting the licensing department of the local council, where the clinic is located, and checking if any additional requirements or registration is necessary.

In some of the London areas, some councils request an EMP, which is an expert medical practitioner, they create the local rules of use, and provide support to the clinic, this generally costs £500 per year, and is not necessary in all clinics, and we can assist with introductions and information required.

All 3D Training is certified, and certification is provided on completion.

Trilogy Ice is the fastest selling hair removal laser in the UK, with over 100 systems sold, in 10 months.
